**Subject:** Conversation with Suarez, Mark

Hendrick, Lindsey 11:11 AM:

FYI, I think we're still having the 11am aldicarb team meeting.

Suarez, Mark 11:12 AM:

I called in. My computer kept dropping out of the briefing.

Hendrick, Lindsey 11:12 AM:

Oh gotcha. Clearly, mine did too. Great timing, too.

Suarez, Mark 11:12 AM:

I was about to say, I don't hear the music. But, I am hearing it now.

Suarez, Mark 11:13 AM:

The same happened to me yesterday in the Ed briefing. I had just spoken, then I get back in to hear them say "maybe he's not here." They were talking about Metzger, though.

Hendrick, Lindsey 11:16 AM:

Ugh, it's the worst!

Suarez, Mark 11:33 AM:

So, do you have time to put together an addendum to the memo with the PCTn with a cap calculations?

Suarez, Mark 11:33 AM:

I am going to look at the changes in citrus acreage observed in FL.

Hendrick, Lindsey 11:34 AM:

Yeah I can do that. I'll work on it this afternoon.

Hendrick, Lindsey 11:35 AM:

Tomorrow?

Suarez, Mark 11:36 AM:

Yeah, Let's talk in the morning.

Hendrick, Lindsey 11:37 AM:

Sounds good
